ART UNIT 2611

Art Unit: 2611

Allowable Subject Matter

1. Claims 1-10 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art, alone or in combination, does not teach or suggest videoconferencing between subscribers in a digital television system simultaneously with the delivery of common programming to such subscribers. The prior art further fails to teach or suggest an interface, as part of a digital television apparatus, which integrates and graphically combines the display of video conferencing participants and programming from a program source. In sum, the examiner concurs with applicant's assessment of the prior art as set forth in the Appeal Brief of 5/9/00.

It is noted that the newly cited Friedel et al reference, either alone or in combination with the art of record, also fails to teach or suggest that set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
